INVEST is a unique national program that educates high school and community college students on insurance, financial services and risk management topics, and encourages them to pursue a variety of insurance careers with a focus on independent agencies. Invest provides comprehensive, educational materials and tools necessary to launch an Invest insurance education program in schools across the country. These interactive materials created to appeal to young people include an online e-book, lesson plans, textbooks and activities. Best of all, Invest works to actively recruit insurance professionals to step into local classrooms to further engage students on insurance.

THE CERTIFIED INSURANCE SERVICE REPRESENTATIVE HIGH SCHOOL PROGRAM offers students the opportunity to earn a nationally recognized industry designation, CISR, before they graduate, equipping them with vital pre-career exposure and technical industry training – providing a significant advantage as they enter the workforce. The Program is designed to provide rigorous instruction while allowing schools the flexibility to incorporate the program into a wide variety of classroom settings. Students earn the Certified Insurance Service Representative (CISR) designation by passing five (5) certification exams during the program.

THE SPENCER EDUCATIONAL FOUNDATION was established in 1979 and remains the leading organization that funds the education of the future leaders of risk management and insurance. Since its inception, Spencer has awarded more than $9.5 million in scholarships and over $8 million in grants to universities and other professional institutions. These programs have impacted over 84,000 students across the United States and Canada!
